

- **Model:** trained ResNet-20 on CIFAR-10 for 500 epochs. Model and optimizer definition following [https://keras.io/examples/cifar10\\_resnet/](https://keras.io/examples/cifar10_resnet/)
- **Learning Rate:** started with  $1e-3$ , reduced after after 80, 120, 160, 180 epochs by  $\times 10$
